

## eLEARNING COURSE OVERVIEW

### **Anti-Doping Fundamentals**

Comprehensive anti-doping education covering the rules and regulations related to anti-doping, the processes involved in testing, the ethical and health implications of doping, and the responsibilities of athletes and support personnel to uphold anti-doping standards.

### **Annual Update**

Released in December each year, this course reflects current trends in anti-doping and broader integrity issues including new prohibited substances, rule changes and other contemporary topics.

### **Clean Sport 101**

An introduction to anti-doping rules, rights and responsibilities written in plain English, this course provides an overview of the anti-doping landscape, and guidance on the resources and tools available when seeking more comprehensive information.

### **Coaches Course**

Coach-specific anti-doping education covering rules and regulations, ethical responsibilities, and the importance of supporting athletes to foster a clean sport environment.

### **Competition Manipulation and Sport Gambling**

An introduction to what competition manipulation is, different types of competition manipulation, and sport specific rules to assist with identifying breaches, recognising match-fixer strategies, and knowing how to report concerns.

### **Cyber Safety and Security for Sports**

An overview of potential cyber threats faced by sportspeople, featuring case studies and strategies to help sporting organisations equip themselves against cyber attacks.

### **Decision Making in Sport**

A series of challenging scenarios based on real-life predicaments faced by sportspeople at all levels. This course provides a framework to guide the application of personal values and principles to the ethical dilemmas of the sporting world.

### **Illicit Drugs in Sport**

With a focus on recreational illicit drug use, this course covers the effects of drug use on both health and sport performance, the importance of understanding the In-Competition period, developing a response plan to drug offers, and locating wellbeing and support services.

### **Introduction to Classification**

An overview of the principles and practices for classifying athletes in sports. This course covers the rules and regulations relating to classification, the importance of fair Para-sport competition, the processes involved in assessing and categorising athletes, and the ethical and procedural standards for maintaining integrity in sports classification.

### International Classification

Comprehensive education about classification in Para-sport at the international level including the classification process, and how to identify and report Intentional Misrepresentation.

### Medical Practitioners Course

Specific anti-doping education for sport and exercise physicians and other medical practitioners working with or consulting to athletes and sports in Australia. This course covers the nuances of medical practice in sport, and supporting athletes to uphold anti-doping rules.

### National Integrity Framework

Comprehensive education about the development of the National Integrity Framework, including background information about Sport Integrity Australia and an overview of how each National Integrity Framework Policy can be applied in practice.

### Parents' Guide to Clean Sport

Specific anti-doping education for parents of young athletes, covering the anti-doping rules, doping risks, healthy sport culture, and the risks of supplement use.

### Safeguarding Children and Young People in Sport Induction

An introduction to protecting children and young people within sporting environments, including Children and Young People Safe Practices, and how to recognise and respond to possible breaches of safeguarding policy.

### Safeguarding Recruitment and Screening

An optional module for those involved in the recruitment of staff and volunteers in sport, supplementary to the Safeguarding Children and Young People Induction.

### Sports Pharmacy Course

Specific anti-doping education for pharmacists working with or consulting to athletes and sports in Australia. This course covers the nuances of pharmaceutical practice in sport, and supporting athletes to uphold anti-doping rules.

### Whereabouts

Specific education designed for testing pool athletes and their support personnel, this course explains the Whereabouts rules and provides step-by-step guidance on updating whereabouts in the Anti-Doping Administration & Management System (ADAMS).
